

Hospital Dedication Set Monday

Ceremonies Set
For 10:30 a.m.;
Public Invited

The new \$2-million addition to Grossmont Hospital will be dedicated Monday, on the fifth anniversary of the institution.

Hospital officials said this week that a public address system has been installed for the event. Ample seating, they said, has been provided, and there will be parking space available for all visitors.

Following the formal ceremonies, scheduled to begin at 10:30 a.m., guests and visitors will be invited to tour the new facilities. Refreshments, prepared in the hospital kitchen, will be served by members of the Grossmont Hospital women's auxiliary.

Burt I. Jones of Los Angeles, member of the original board of directors at the hospital and one of the organizers of the hospital association, will be master of ceremonies. He also was master of ceremonies at the original dedication.

The invocation will be voiced by Rev. Charles P. Hamby of the First Methodist Church of El Cajon.

Honored guests, board members and key personnel of the hospital will be introduced. Silver pins will be awarded to all employees who have been in continuous service at the hospital for at least three years. Gold pins will be awarded to those who have completed five years continuous service.

Rev. George T. Lambert of St. Martin's Catholic Church in La Mesa will dedicate the new addition and the chapel.

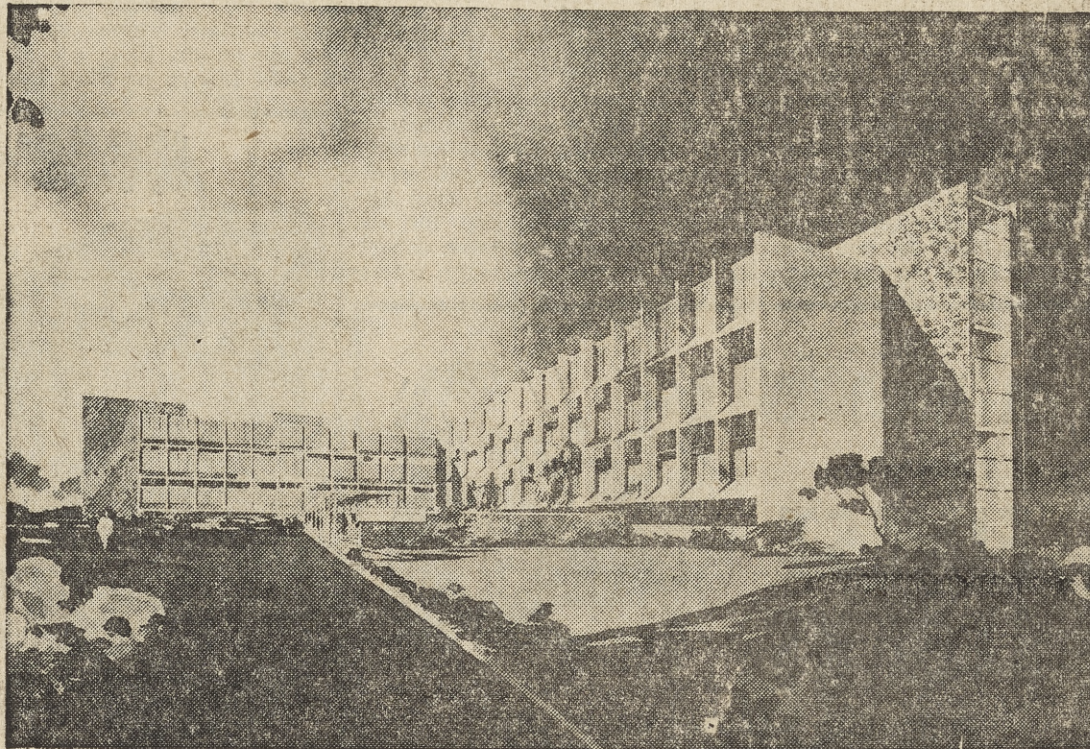

John Derry of Berkeley, assistant chief of the State Bureau of Hospitals, will accept the hospital for the state and federal governments.

Following Derry's acceptance speech, L. M. Peelyon, hospital administrator, will comment on the hospital's progress and facilities.

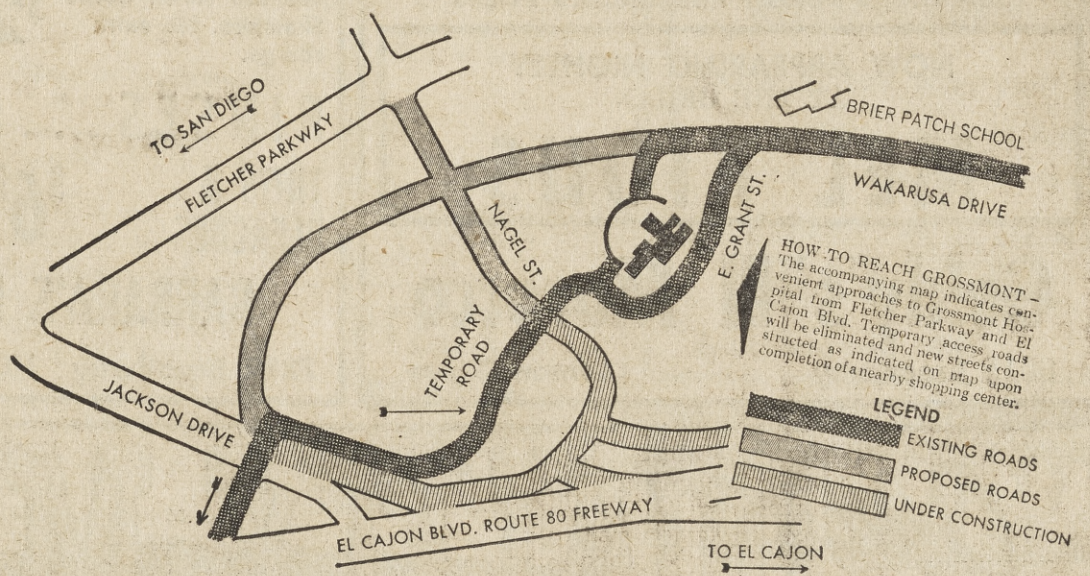

The ceremonies will conclude with a benediction by Rabbi Irving Ganz of Temple Beth El in Claremont.

The \$2-million addition was started 16 months ago. It includes new construction, alterations, equipment and furnishings.

This brings the total cost of the hospital to \$3,800,000. With 134 beds in the new addition, the hospital now has 245 beds—at a total construction cost of \$15,696 "per bed." Hospital officials said that the national average "per bed" cost is \$22,000.

Grossmont Hospital: the old and the new. Original hospital is at left, with new \$2-million addition shown at right. Public ceremonies Monday will dedicate new addition. Hospital serves vast area, including Lemon Grove and Spring Valley.

County Tax Rate To Remain at Same Level

SAN DIEGO (CNS)—A county tax rate of \$2.07, the same as for the 1959-60 fiscal period, will be established on Aug. 30 for the coming year, it was learned Monday.

J. W. Anderson, budget officer, reported Monday to Supervisors that the surplus for the year ended June 30 totals \$3,581,258, almost \$500,000 under a year earlier.

Sharp increases in assessed valuations enabled the county to more than offset the decline in surplus, to meet the record-breaking budget of \$78,299,877 without an increase in the tax rate.

The ordinance to set the tax rate will be ready by Aug. 30, the last regular meeting date in August of Supervisors.

Valley Chamber Votes Water Plan Support

The Spring Valley Chamber of Commerce board of directors this week voted unanimously to support the California Water Plan (Prop. 1) on the November ballot.

M. J. Shelton, vice chairman of the Committee for the Calif. Water Plan, in a letter to the Chamber said the committee is seeking the support of all San Diego County chambers of commerce for the 1.750 million dollar statewide water bond issue. Passage of the bond issue will require a 10 to 1 vote in San Diego County, Shelton said.

In other business, the S.V. C board voted to send a letter to the Bank of America, requesting that the two new banks to be located in Spring Valley (one in the southern part and one in the northern part) be called the "South Spring Valley" bank and the "North Spring Valley" bank. Work on the one in the southern area is scheduled to start early next year.

Other business of the chamber included sending a letter to the Pac. Telephone and Telegraph Co., requesting that a pay phone be installed at the Chamber of Commerce hall, voting to sponsor Cub Pack 47 in the Spring Valley Days parade; a report by Mrs. Betty Seymour Robinson on the new maps of Spring Valley; and a report by Mrs. Rosalie Graham on the progress of the Spring Valley Days plans.

Water Fund Raisers Name Spears Chairman

James Spears, Lemon Grove automobile dealer, has been named chairman of a group to raise funds in Lemon Grove and Spring Valley to help "sell" the Feather River Project to voters in Northern California.

The project will be offered to voters, who will be asked to approve a \$1,750,000,000 bond issue which would build dams and canals to bring water from the Northern California area of surplus water to the water-poor Southern California area.

Spears said that Governor Edmund G. Brown last week renewed his appeal to California voters for support of development of the state's water resources.

Brown described the project, which calls for construction of a vast system of dams, reservoirs, and aqueducts to bring surplus water from the north to areas of deficiency "the most significant step ever undertaken by any American state."

It will result in tremendous expansion of California's industrial and agricultural potential and create hundreds of thousands of new jobs for the state's burgeoning population, Brown told the annual convention of the California building and construction trades council in Long Beach.

He called upon the council to give its support to the \$1.7 billion bond issue to finance construction of the project which will appear on the November 8 ballot.

"California's very future depends on development of its water resources," he said, "and as this vast program benefits all of our state and all of our people, it will also benefit you."

Governor Brown said that more than 4,000 persons will be employed on the project for every \$100 million spent. About 40 per cent of the money expended will go into wages, he added.

He said it is estimated the 38 per cent of those employed will be operating engineers, 2 per cent will be laborers, 20 per cent carpenters and 12 per cent steel workers, teamsters, cement finishers and electricians.

\$70,000 Yearly Cost Set on Sewer System

Water District To Build Big New Dam

Financing for a \$1½-million dam and reservoir to store water for the Helix Irrigation District has been approved, district manager Byron Miller said this week.

Miller said that the project has been approved by the California Districts Securities Commission. The dam is to be financed by a \$1,500,000 loan from the Bank of America. The rest of the project is to be financed from district funds already on hand and from expected revenues in future years.

The project is to go into Quail Canyon, 1½ miles east of Lakeside.

The bank loan will be repaid over a period of five years with revenue funds and is not expected to affect the Irrigation District's tax rate of 60 cents per \$100 valuation in the original district for the next year.

The warrants for the bank loan will be signed and issued next week and it is expected that bids for the construction of the dam may be taken some time during October, after approval of the plans by the State Division of Dams.

The dam and its reservoir to be known as Chet Harritt Reservoir after a former manager of the irrigation district, was originally designed in the late 1940's but was not built at that time due to lack of funds. Carl Rankin, a widely known consulting engineer, and C. G. Watters Jr., the district's chief engineer, will be in charge of design and construction of the dam.

Manager Miller told the board Tuesday that the district staff felt the dam to be of utmost importance as the district's system has only 3½ days of emergency storage in the event of a failure in the Colorado River Aqueduct and inadequate runoff into El Capitan Reservoir.

The dam will provide about six months' supply of water for the 122,000 people presently served by the district, which would greatly increase the emergency safety factor. It is planned that surplus water from the aqueduct during the winter season and any available water from local supplies will be placed in Chet Harritt Reservoir for storage and to meet peak demands during maximum use periods.

The latter function becomes more important each year as peak demands increase. An engineer's estimate made only two years ago indicated that the maximum daily demands during 1960 would amount to 38.8 million gallons per day. During the past two weeks this estimate has been exceeded by almost three million gallons.

Public Hearings Set On Zone Changes

SAN DIEGO (CNS)—Two public hearings on zone changes requested for the Lemon Grove area are to be held Friday morning before the County Planning Commission.

J. G. Binswanger is seeking commercial zoning for 18 lots in the east side of Harris, between North and Broadway, now zoned for apartments, and Dennis W. Moody has applied for apartment house zoning for and now zoned for single family dwelling. His property is on the south side of San Miguel, 70 feet east of the MacArthur drive intersection.

The DIMMER VIEW

by MAX GOODWIN

While residents of the sprawling Grossmont Hospital District will be basking in the glory of a greatly expanded hospital facility next week when the hospital holds an "Open House" ceremony for its new wing, unrest continues to plague the hospital's salaried personnel.

The latest upheaval comes from Mrs. Jewel Geiger, of El Cajon, who until recently was obstetrics charge nurse at the hospital. She charges that she was unceremoniously fired last month for voicing opposition to her superior regarding procedural practices at the hospital.

She claims she asked the board of directors of the hospital for a hearing so that she might show there was good and sufficient reason for questioning her superior. The board has yet to consent to hearing her complaint, she avers.

We don't know the details nor the conditions by which the latest upheaval arises, but we know that too many of the hospital's personnel who have been separated in recent months have voiced enough complaints to demand an investigation by the board. Even if the board believes morale is not sagging because of the high turnover rate, there can be no doubt that some aggravating force exists and the aggravation should be ferreted out and the cause corrected.

The board, we think, should be able to assure the public that the multitudinous firings are not due to the cussedness of the personnel department, the capriciousness of the administrative staff, nor the ignorance of the board members.

So far, no board member has indicated that such an investigation is being planned.

Meanwhile, the terms of three board members expire this year. Anyone living within the district is eligible to run for the job in an election scheduled for November 8. Nomination papers, however, must be filed by September 2, 65 days prior to the election.

It is possible that new blood might activate the board's investigative powers to the point where the cause and cure of these separations might be ascertained. . . and harmony would prevail on the rolling hills of Grossmont hospital.

There is considerable legal mumbo-jumbo being mouthed by the State of California in its battle against a Fresno dairy whose great crime was that of cutting the price of milk.

Divested of the legalistic window dressing it amounts to this: the California Department of Agriculture is charging the Allied Dairy, Inc., of Fresno of crime against the state in that the dairy did wilfully and intentionally knock six cents a quart off the price of 1.109,000 quarts of milk the dairy supplied to the Marines at Camp Pendleton.

One of two reasons we're interested in the case is that Camp Pendleton is in our front yard, so to speak. The other reason is that no matter how remote it may (Continued on Page 3)

Lemon Grove To Join Nine Other Areas

It will cost Lemon Grove residents approximately \$70,000 a year to hook the area's sanitation district onto the proposed multi-million dollar Metropolitan Area Sewerage System.

And it will cost Spring Valley residents \$100,000 a year.

The figures were revealed at a discussion in San Diego of routes and prices for the system.

Lemon Grove's sanitation district budget this past year was \$102,789. The newer Spring Valley district had a budget of \$351,289.

The areas that have already agreed to participate with the City of San Diego in the project are the cities of El Cajon, Chula Vista, National City, La Mesa, Coronado and Imperial Beach and the sanitation districts in Spring Valley, Lemon Grove and Lakeside.

Assistant City Manager Edward Blom said two routes are being considered for the main intersector pipe as it runs through the downtown business section of the city. The problem, he said, is to get the sewage from 14th and Island streets to a point along Harbor drive near the civic center.

The rest of the pipeline route from Palm City around the bay to the proposed treatment plant near the end of Point Loma has been decided upon, he said.

One alternative for the through-city gap is the digging of an open trench through city streets. A moving segment of operations two blocks long would move along the route, digging, laying pipe, and filling. Director of Operations Paul Beermann stated that any one point on the line would be under work for two weeks, "at best."

The other alternative presented is a tunnel, angling under the city in an almost straight line. Its minimum depth would (Continued on Page 3)

Mother, Son Sue For Damages In Auto Accident

SAN DIEGO (CNS)—A Spring Valley mother and son who sued a San Diego realtor's wife for \$830 damages resulting from an automobile accident in Lemon Grove are being sued in return for \$52,000 by the realtor.

The accident occurred last Aug. 20 when Glenn Honeycutt, 8950 Campo rd., Spring Valley, was driving west on Broadway in Lemon Grove. His suit, filed on his behalf by his mother, Selma Honeycutt, says the accident was caused by Mrs. Myrtle Parrish turning onto Broadway from Olive street without regard for traffic. It asks \$375 car damage and \$445 for loss of use of the Honeycutt car.

R. Gordon Parrish, the realtor, filed a counter-suit denying his wife's negligence and asking \$50,000 general damages and \$2,000 for the loss of the comfort and companionship of his wife. The case was transferred Friday from El Cajon to San Diego superior court.

Heart Attack Hospitalizes Dr. Crow

Dr. Thayer Crow, 3110 Chateau Way, Lemon Grove, is "resting comfortably" at Helix Hospital where he was taken last week following a heart attack.

Dr. Crow, whose offices are on Pacific st., Lemon Grove, is also the physician for the Lemon Grove fire department.

Mrs. Crow said she expected him to be discharged from the hospital in another week but in the meanwhile he was not permitted to have visitors.

She said that the large volume of cards and flowers sent by the patients' friends did much to help his morale. "They are helping his recovery and he will be home sooner because of them," she said.

LIBRARY HOURS

The Spring Valley library will go on a new schedule next Monday. The new hours: from 2 p.m. to 6 p.m. on Monday, Tuesday and Thursday; from 2 p.m. to 5 p.m. on Wednesday; and from 10 a.m. to 1 p.m. on Saturday.

BEYOND DUTY—Lemon Grove mailman Bill Baxter is presented special lapel pin by assistant postmaster E. E. Woolsey. The pin is inscribed "Beyond the call of duty." The award was presented in recognition of Baxter's quick action last September in which he broke open a trunk and rescued 8-year-old

David McGahee after the boy had been locked in it while playing Indian with other boys. Since then, Baxter has received the post office department's "Superior Performance Award," presented last November.

Throwin' the Bull

By Bob Turnbull

M.G.M.'s "All The Fine Young Cannibals" is as dramatic as its title would indicate. And for the young-at-heart it will be unforgettable.

This C-Scope and color modern day picture stars two very popular young luminaries in Natalie Wood and Robert Wagner.

Wagner portrays Chad Bixby, a self-tortured and unhappy trumpet player. This is by far his most dramatic role, and even though a mite shaky at the beginning, levels off to some good, believable moments. His last role was opposite Debbie Reynolds in "Say One For Me."

Natalie Wood makes this her 32nd film, although just barely in her 20's. She's been "screening" since the age of five. In "Cannibals" she is Salome (pronounced Sal-o-may). Bixby's teen sweetheart, who gives up her love and happiness for what she only thinks is better love. But she finds she cannot find it in wealth.

Susan Kohner, an Academy Award nominee for "Imitation of Life," plays Catherine, the bored, wealthy young girl that Bixby marries to "spite" Salome. I personally was disappointed in the make-up applied by William Tuttle for Susan. She's really a beautiful girl, but in this pic doesn't seem to have the glamour that Natalie has. And I'm not talking about physical beauty alone. I'm speaking strictly of general appearances.

Filling out this neurotic foursome is George Hamilton, Catherine's brother, who marries Salome early in the picture. George shows marked improvement over his "Home from the Hill" debut. In this film he has "arrived."

Once Over Lightly

by Don Wilson

One of the hazards of my newspaper life is that I spend considerable time in the photographic dark room.

And darned near every shirt that I own has at least one coffee-stain-like spot on it where I have splashed a bit of developing solution.

For several years, Paula, cursed me politely when one of these spots would show up on a shirt.

She grew less polite when her mother sent me a beautiful pin-striped shirt for Christmas and the first day I wore it I splashed a spot of developer solution on the front of it right where it looks as though I had been a bit sloppy in drinking my morning coffee.

If I happen to notice when I splash some of the solution on my shirt, I quickly wash it out with water and it doesn't leave a stain. But, as I said earlier, darned near every shirt that I own has at least one spot on it.

I am happy to announce, however, that under the blandishments of a fellow photographer named John Skinner, I have become more careful in the darkroom and almost never spill chemicals on myself anymore. John is so darned careful in his photographic darkroom that he could wear a tuxedo in there and come out in pristine splendor.

But my careful work still doesn't hide the spots that I got on my shirts before I became careful.

Paula has worried about those spots and has tried all sorts of things to remove them.

The other day she was practically radiant when I came home for lunch.

"You will be delighted to know," she said proudly, "that I have found out how to remove those spots from your shirts."

I was speechless with joy. She continued.

"I take a small bottle that used to have vitamins in it for Ronnie," she said, "and I wash it out real good."

"Wonderful!" I said. "It has a dropper like an eye dropper thing on it," she said. I nodded.

"I fill the bottle with bleach," she said, "and I fill the dropper, then I put just one drop of concentrated bleach right on the spot."

"I don't let it get past the edge of the spot. I let it soak a while, and then I wash it out."

"And Voila! the spot is gone!" I applauded vigorously.

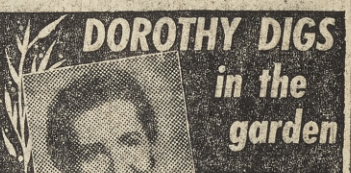

To prove her statement, Paula showed me a light green shirt that had borne a coffee-brown stain.

"Now," said Paula, rolling the damp shirt into a ball, "all I have to do is iron it and you can wear it to work tomorrow."

I thanked her gratefully. That afternoon when I returned home after work, the green shirt was hanging on a rack near the ironing board.

"Hello," Paula said. There was no joy in her voice.

"What's the matter?" I asked. "When I ironed the shirt," she said, "the spot came back."

DOROTHY DIGS in the garden

Curling of the leaves of tomato plants is nearly always caused by the tomato mite. In my personal opinion, this vicious pest is frequently responsible for the condition we call tomato blight or wilt because the disease is more apt to attack leaves that have been broken down in vitality by mites.

Unfortunately, the gay little petunia that we all love to see growing in our gardens is a host plant for this mite and since that is the case, I advise you not to plant tomatoes and petunias in proximity to each other.

Fortunately, however, products containing Kelthane have now been released for use on many vegetables including tomatoes. So you can spray your tomato plants with a Kelthane product as soon as you begin to see the signs of this leaf curl, and you can repeat sprayings with it as necessary. Don't let this evil get ahead of you or you will not have the nice crop of tomatoes you anticipate.

Emphasis on Youth Finds Hospital Ready

The emphasis on youth in voluntary health services has been given a great deal of publicity since President Eisenhower's Youth Conference in Washington last April. It is no new story, however, to the Grossmont Hospital Auxiliary which has sponsored a youth volunteer program of hospital services since 1959 when the Junior Auxiliary was first organized.

Miss Patti Kling, a past president of the Grossmont Hospital Auxiliary Junior membership, attended President Eisenhower's conference as one of 10 teenagers representing the American Hospital Assn. She has also attended the follow-up conferences in San Diego and Los Angeles. Now she has been invited to speak as the youth on

a panel with three adults at the Wednesday, August 31, afternoon meeting of the national convention of the American Hospital Assn. in San Francisco. Miss Kling, a junior at San Diego State College, will tell of the high school and college girls who serve in various capacities at Grossmont Hospital. They are filling many volunteer posts assigned to auxiliary members but vacated during summer vacation because of travel or home duties.

One group has been trained for lobby work—greeting visitors, directing them to patient's rooms or department offices, delivering flowers and mail and doing courier service for the staff. Another popular department is the maternity wing

where they take care of the flowers, fill water carafes, deliver mail, snacks and meals. because of their cheery cherry pink smocks.

Story time in the pediatric ward is another popular choice where every day from 3 to 5 p.m. the girls visit with and read to small patients.

Some volunteers prefer clerking in the gift shop, preparing surgical materials in central supply, calling on patients with a magazine cart filled with free reading matter, or doing clerical work for the hospital or auxiliary office. All of these provide the "plus services" for which the auxiliary members have become famous throughout the nation. They are affectionately known as Pink Ladies.

seem, government controls add to our cost of living.

The dairy involved here is charged with selling the million-plus quarts of milk to the camp for about \$60,000 less than the state rules that it could via the state dairy regulatory act. Obviously, the regulatory act adds millions of dollars to the cost of setting the tables of California residents.

Getting back to the legal arguments, the dairy claims the state regulations on milk should not apply in this case because the sale was made on federally-owned land. The state claims to have a letter from Attorney General Stanley Mosk indicating doubt as to whether Camp Pendleton is owned by the federal government. Another basis the state is using for bringing the dairy under the state marketing regulations is that the milk was transported from state land.

All of this seems to indicate that dropping state control on milk prices would cut the price at least six cents a quart. If dairy product prices were allowed to seek a level based on supply, demand and competition, every family would benefit by better diet through lower cost.

One of our colleagues, a publisher in Alabama, has come up with an interesting proposition.

He proposes that as good as the international student exchange program is, a portion of the effort should be put in a similar program right here at home.

An exchange of students between the rest of the states and Dixie might provide a better understanding of our country's own. He wants to dramatize certain events, such as staging pageantry at the historic battlefields of the Civil War.

We think the program is fine, especially if they come up with a pageant which explains Governors Long and Faubus.

A greater problem will come when they seek a place big enough to stage the life and times of Texas.

Road Committee Eyes Problems Of Fund Uses

SAN DIEGO (CNS) — The county-appointed committee to draw up a permanent policy of roads, for adoption by the Board of Supervisors, met on Monday.

David K. Speer, county road commissioner and surveyor, reported on problems and requests that come to his department and on legislation affecting road department operations. He covered such matters as requests for road openings and vacations, the allocation of gas tax funds, maintenance problems and the use of road funds for other than road purposes.

Speer's report to the committee was designed to provide background material upon which the work of setting up policy has to be based.

Goodwill Workers Share in Profit From Donated Items

Workers in the two Goodwill Industries stores in Lemon Grove shared in the payment of \$227,885 in "opportunity wages" by the non-profit organization during the first six months of 1960, Charles Spisak, of Lemon Grove, the executive director, announced this week.

The amount was \$14,671 more than was paid out to 204 workers, mostly handicapped, during the same period a year ago, Spisak said. Most of the workers would be on welfare rolls if it were not for their Goodwill jobs.

Spisak made the report at a board of directors' meeting recently attended by Dr. Frank Gigliotti of Lemon Grove and Max Goodwin, publisher of the Bulletin and Review. Both men are members of the board.

be 40 feet; its maximum, near the El Cortez hotel, would be below 100 feet.

Blom set the cost of both alternatives at approximately two and a half million dollars. In the case of the tunnel, this figure does not take into consideration the cost of acquiring easements for the passage of the tunnel under private property.

Beerman pointed out that the open cut would impose a tremendous penalty in traffic congestion and damage to businesses along the route. Except for a short portion of Broadway, he said, the streets would be completely impassable while being worked on. "In the marginal area over on Island," he said, "the work could put some people out of business."

Citizens To Hear Grove Park Plan

A proposed master plan for a proposed park at Washington and Alton streets is to be presented Monday night to interested citizens of Lemon Grove. The meeting is scheduled for 7:30 p.m. at Lemon Grove Junior high school auditorium.

Sponsors of the meeting include the Lemon Grove Coordinating Council, the Lemon Grove Taxpayers Assn., the Youth Center, the youth baseball organizations, and the Lemon Grove Swimming Pool Assn. The meeting is open to the public.

'Eighty Days' is for The Entire Family

One of the few films ever made which is completely attractive to young and old, is Michael Todd's "Around the World in 80 Days," opening on Aug. 10 at the Grove Theatre.

Educational, religious, social and film organizations all over the country have awarded this "technicolor Academy Award" winning show the highest honors and recommendations ever given to a film.

The Thomas Alva Edison Award went to "Around the World" as the "Best Children's Picture of the Year." Parents Magazine gave it its Family Medal Award and the leading family magazines and critics have given it the laurels as the "Best Picture of the Year."

The three-hour spectacular show is not only an exciting adventure story which children and adults can appreciate, but a comedy of both action and satire. This explains the appeal it has had all over the world not only for children of all ages but for the rest of the family. Called the "starriest movie of all time" by Newsweek Magazine, "80 Days" stars David Niven, Cantinflas, Robert Newton and Shirley MacLaine as well as 44 of the world's best known film stars.

FOUR SALARY

How costly a home can you afford to own? A good rule of thumb is to figure that you can afford to buy a home which is twice the value of your annual salary.

Hawaiian luau: the neighbors all cooperated in making the event an authentic occasion.

Neighbors Get Together, Hold Second Hawaiian Luau

A group of 16 couples who live within one block of one another in San Altos Terrace have formed an informal recreation group of their own.

Last week the group held their second annual Hawaiian luau, at the home of Mr. and Mrs. Wesley Renken, 1718 E. Prado. This was but one of many events that the group of 16 families enjoys during the year.

Last week's luau was authentic, because many of the families have lived in Hawaii.

The menu consisted of Teriyaki steak marinated in authentic Hawaiian sauce by Mrs. Joseph F. Weyer Jr. Mrs. John Bettencourt provided Seamin; Mrs. B. R. Oldham made the salad; Mrs. Richard Morgan provided appetizers consisting of abalone and poi.

Mrs. John Hull had an arrangement of tropical fruit as a centerpiece, surrounded by the display of Hawaiian food.

Entertainment was provided by Capt. and Mrs. Hans Jacobson, who spent several years in Hawaii.

The crowning touch to the luau was the unusual decorations created by Mrs. Renken, Mrs. C. W. Newhall, Mrs. F. L. Barczewski, Mrs. Michael Mills,

Mrs. D. D. Vant Hull and Mrs. G. A. Gowan Jr.

Costumes consisted of muumuus, sarongs and lana lavas with Hawaiian shirts

Trinity Presbyterian

Family worship services will be held at 9 and 10 a.m. at Trinity Presbyterian Church, 3902 Kenwood, Spring Valley, on Sunday. There will be no church school classes, but children care will be provided for small children.

The Rev. Donald Vogel of United Presbyterian Church of Whittier will be guest preacher. The title of his sermon is "The Unexpected Christ."

Mariners' Club will meet in the church patio at 6:30 p.m. Thursday for a steak fry.

Friday night is the final program for the vacation church school. There will be a program put on by the children and church school projects will be on display in various class rooms. Mrs. Herman Lawler, director of the school, reported that approximately 125 children have attended.

Casa de Oro Baptist Church

The summer youth meetings of the Casa de Oro Baptist Church continue each Friday and Sunday evenings, according to schedule. This Friday, after sports, refreshments, etc., there will be another missionary film shown, entitled "Treasures of Cebu." Another film, entitled "Cherry Blossoms, Idols and Good News" will be shown Aug. 19. "Going Steady" is the title of a film to be shown Aug. 26. Mexico will be the subject of slides to be shown on Sept. 2.

Pastor, Rev. Ernest Anderson invites all youth of the area. Following are the Bible study subjects and teachers for the ensuing Sundays: Aug. 14, Rev. Ivan Sisk, with a message to the young people; Aug. 21, layman R. Fritzges will bring the Bible study on "Prayer;" Aug. 28, layman Dempsey Harris will give the lesson on "The Trinity;" Rev. Anderson, on Sept. 4, will bring a lesson on "Church History."

The youth of the church, or Aug. 30, will have a "trip to the country," . . . swimming, ham dinner and a hayride.

During the pastor's vacation the following guest speakers will be ministering at CDO Baptist Church: Aug. 14, Rev. Ivan Sisk, morning and evening and to the youth meeting; Aug. 21, Rev. James Young, morning services, and layman Dempsey Harris at the evening services. The pastor, Rev. Anderson, will be back to preach at the morning services, Aug. 28, and Dr. O. Loos, missionary appointee to India, will bring the evening message.

Wednesday prayer meetings continue each week: 5:30 a.m., men's prayer meeting; 10 a.m., ladies prayer meeting; and 7 p.m. the midweek "Hour of Power" for everyone.

Christian Science

The beauty, harmony, and satisfaction of true being is brought out in the lesson-sermon on "Soul" in all Christian Science churches Sunday. The Golden Text is from Psalms (119:174, 175), "I have longed for thy salvation, O Lord; and thy law is my delight. Let my soul live, and it shall praise thee; and let thy judgments help me."

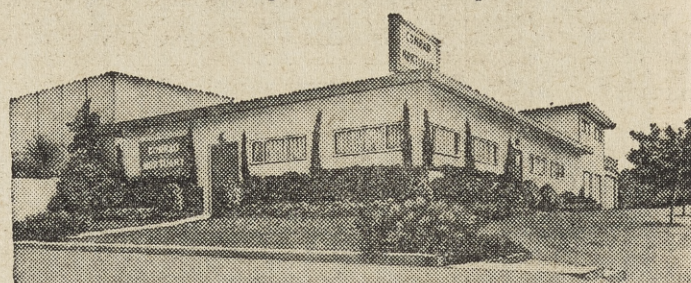

"Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul," declares Mary Baker Eddy in "Science and Health with Key to the Scriptures."

She continues, "Higher enjoyments alone can satisfy the cravings of immortal man. We cannot circumscribe happiness within the limits of personal

sense. The senses confer no real all to exchange the pleasures enjoyment." Again she says, and pains of sense for the joys "Truth will at length compel us of Soul." (pp. 60,390)

Sid Mansfield, your telephone manager in Lemon Grove

WHAT'S DOING

There's exciting news this month. We're introducing a handsome new telephone called "The Princess." Hardly bigger than your hand, the Princess takes only about half the usual space. When you lift the receiver, the dial lights up. Or at the flick of a

switch, the dial glows as a soft night light so you can find the phone easily in the dark. The Princess comes in attractive colors that are perfect for any room in your home—white, beige, pink, blue and turquoise. This new extension phone costs just pennies a day after a one-time charge. You can see and try it out at our business office, and you can order it there or through your telephone service man.

California State Fair time is just around the corner again—Aug. 31 to Sept. 11. If you're planning to go, we hope you'll visit the Pacific Telephone exhibit there. From what I've heard, it's going to top our show last year—and that one won the Fair sweepstakes award for the most outstanding exhibit. You'll see some really interesting ways communications serve you and the nation. (The Kids will get a big kick out of hearing their own voices over a special phone.) So all the telephone people here hope you'll visit Pacific Telephone at the State Fair in Sacramento and see how we're working to serve you and your family.

LOOKING FOR A PROGRAM

If your organization, club, P.T.A. group or church is looking for a live program or a film, we have many that are entertaining, informative and non-technical from 10 minutes to one hour in length. Some of your telephone men and women from all departments are waiting for your requests to come out with their special lecture demonstration. If it's a live talk and demonstration or a film or both that you are interested in please call me at HO 6-3200. I will be most happy to talk with you or send you a booklet listing most of our films and programs.

Along Sweetwater Road

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

By Elaine Horowitz
HO 3-5393

John Armstrong Jr., 43, of San Diego, was taken to the Paradise Valley Hospital on Thursday after suffering scalp lacerations as the result of an accident while working on the filter plant of the Sweetwater Dam.

Armstrong, who is employed by the Fred J. Early Construction Co., was struck on the back by a rock falling from a decomposed granite pile, which caused him to fall into a pipe trench where he struck his head.

He was kept in the hospital, under observation, for two days, and then released.

Travel Notes

Mr. and Mrs. Bill Boston, with their children, Rene, Richard, Theresa and Billy, spent two weeks in Taft, Calif., visiting relatives.

Mr. and Mrs. T. A. Gonsaves were visited by Mrs. Gonsaves' sister, Mrs. Helen Dodson of San Bernardino, and sister-in-law, Mrs. Eleanor Mitchell of San Francisco.

Room Mother

A room mother is the link between parents and teacher. Her duties consist primarily of: 1) helping once a year with refreshments at the PTA membership meeting; 2) planning three parties a year for her child's class. She is provided with the names and phone numbers of parents having children in her room, and it is up to her to contact them in order to get refreshments and assistance for these fetes; 3) hearing the pride in her child's voice, while officiating at these parties, when it is loudly proclaimed, "That's my mom. She's the room mother."

Avondale PTA's room representative, Mrs. Jack Balch, needs the names of those women wanting to perform this important function, so call her now, at HO 3-6148.

Complaint Dept.

A chain reaction of indignation occurred throughout the community last week, when Charles Botzer, our letter carrier, deposited water bills in the respective mail boxes.

The phone started ringing at my home immediately after, and in the interest of self preservation (some people sounded as if it were all my fault), I decided to find out why our bills are so much higher than in neighboring districts.

NEED A BABY SITTER

Leave him at L.G. Miniature Golf Course. Kids 12 or under 25¢ anytime, 3rd game free. Open 10 a.m. Across from Lemon Grove fire dept. Free instruction.

Mr. Cooper, of the La Presa County Water District, answered all of my questions fully and courteously, as he would for anyone, and I found out two important facts; first that there is a chance, in the near future, when the number of water consumers in our district reaches a required amount, that there will be a reduction in the charges; second that the board of directors of the La Presa County Water District holds meetings twice a month, usually on the first and third Mondays of the month, which are open to the public.

Find out for sure when these meetings are to be held, and go to them, for this is where your questions and complaints should be directed.

Meet Your Neighbor

Meet Pat and Jim Turner. They have lived in Spring Valley Estates since April of this year, with their two daughters Cheryl Ann, 4, and July, 1.

Pat was born in Detroit Mich., as was Jim, who works as a Floorlayer for the Crown Carpet Co.

What makes this couple stand out in our community is the fact that Pat works as a Girl Scout Leader, and Jim as a coach for the Spring Valley Little League, even though neither of their children are old enough to belong to these organizations. They just want to help.

Principals

Donald Barnes, principal of Avondale school, will be attending the Principal's Workshop at Pine Hills Lodge from Aug. 15-17, the theme of which will be "Challenges of the 60's."

Some of the speakers will be: Dr. Lyle Ashby, deputy exec. sec. of the NEA, who will speak on Education; Dr. J. Smith Jacobs, superintendent of the Carlsbad school district, on mental health; Mr. Donald Hord, Sculptor, on culture; Mr. Don Freeman, radio and TV editor for the S. D. Union, on entertainment, among others.

This is one of the projects financed by the principals themselves, and it should be noted with pride that those in charge of educating our children, place such a high value on learning, that they are willing to "foot the bill" in order to further educate themselves.

Gas Rates

The Public Utilities Commission has authorized a reduction in gas rates for several areas served by the San Diego Gas and Electric Co., including Spring Valley Estates.

The reduction is a result of an annual rate zone survey, ordered by the commission, placing customers on lower rate schedules when justified by population density. Rate levels reflect cost of service; and higher the density the less the cost to

Lemon Grove Little League Wins In Section, Heads for Division

Lemon Grove's entry in the Little League sectional playoffs the San Diego Nationals, the held last week in El Cajon. Lemon Grove nine clobbered emerged with three victories over their opponents, 10-1. Eddie Ike against no defeats, advancing to the distance for Man them to the divisional playoffs. Manager Jim McClure's team and at Redondo Beach starting this received the victory. A six-run first inning outburst proved to

Pony League Champs Drop Tough Battle

By Bill Ott Jr.

The defending district champions, Lemon Grove-Spring Valley Pony League All-Stars, bowed out of the district playoffs after losing to Lakeside, 5-4, in 8 innings Sunday afternoon on the Helix High field where the playoffs were held.

In Friday's opener, Doug Ashley hurled a fine 3-hitter, striking out 15 batters enabling the Lemon Grove-Spring Valley nine to hurdle Escondido 3-0. Pete Byrnes and Howard Estes each hit home runs in the third inning to pace the winner's hitting attack. Byrnes' circuit clout came with one teammate aboard.

Mesa, Ariz., handed the local baseballers their first defeat with a 7-5 decision in Saturday's fray. Brian Funk started the pitching chores, but gave way

serve individual customers. Last week the commission authorized the company to reduce electric rates on the same basis.

Rancho School

Many children who attended Avondale school last year will be transferred this year to the new Rancho school.

School district officials say that they cannot publish a description of the boundary line between the two schools because it is too complicated. If you wish to know which school your children will attend, phone the Education Center, HO 9-6171.

La Presa Church

SAN DIEGO (CNS)—A request for a special use permit for a La Presa church is slated to come before the County Planning Commission in a public hearing Friday morning. "Emil Caldwell," representing the Covenant Church of La Presa, has filed an application for a permit for a development at Akard and Kempton. Plans for the church include a gymnasium, sanctuary and other structures, to be built over a period of years.

The gentle dairy cows work 24 hours daily to provide nature's most nearly perfect food, with no time off for good behavior.

the fatal blow for the losers who scored their lone tally in the second stanza on a home run. Lemon Grove's 10 runs came on 9 hits, while their opponents 1 run came on 5 hits.

Allen Stout's no-hitter in Friday's tilt with East Anaheim paved the way for a 5-0 Lemon Grove triumph. Stout fanned 9 and issued 4 walks, with Anaheim getting as far as third base only in the first inning on a walk, and 2 sacrifices. The following batter got on first base on an infield error, but with runners on first and third, Stout snuffed out the rally with a strike out.

Lemon Grove's scoring came once in the first inning and twice in the third and fifth frames.

Brilliant relief pitching from Ikeler held La Jolla to 1 run in Saturday's finale giving Lemon Grove a close 2-1 victory.

Ikeler came in to relieve Tom Carson in the fourth with no outs, and bases loaded, but La Jolla managed only one run as Eddie preserved the decision for Carson.

The winner's two runs came in the fourth inning, on a single, a walk, and a double.

Family Service Assn. Aims At Fall Rummage Sale

Mrs. Bert R. Cosby and Mrs. Alf Holmberg have accepted appointments as area chairmen for the annual Foothills Family Service Assn. rummage sale to be held Sept. 22, 23 and 24 in the display rooms of Ballantyne Buick in El Cajon. Mrs. Virginia Busch, president of the service group, announced this week.

In its second year of family service to the community this non-profit association depends

on the success of the rummage sale to help carry out a comprehensive program. The new offices at 321 Julian in El Cajon serve Lemon Grove, La Mesa, Spring Valley, El Cajon, Lakeside, Santee and Alpine. Mrs. Jens Hutchens, overall chairman for the event, requested that anyone having rummage donations, contact their local chairmen Mrs. Cosby or Mrs. Holmberg.

"Anyone in the community I welcome to visit the Family Service office to see what fine work they are doing in helping this area with counseling or marriage problems, helping children who are upset or confused and providing homemaker service to help mothers who are temporarily incapacitated," stated Mrs. Busch. "Right now you can show your interest in a tangible way by donating to the rummage sale and then coming over and buying from the sale."

TO ATTEND COURSE

Rev. J. Phillip Bartlett of St. Philip's Episcopal Church, Lemon Grove, will attend the civil defense religious affairs course at San Diego State College Aug. 16-18, according to Walter L. Chandler, County CD training officer, who is receiving registrations. The three-day course is being offered cooperatively by the San Diego County Civil Defense office and San Diego State College.

Delicious, refreshing ice cream coupled with your favorite fruit is a good pick-up during hot August days.

Tickets Go On Sale For Sheriff's Relief Rodeo

Tickets for the sixth annual Rodeo of the San Diego County Sheriff's Relief Assn., scheduled for September 17 and 18 at Westgate Park have been placed on sale, according to Sgt. Bob Ryan in the Lemon Grove Sheriff's office. Tickets may be obtained at the sheriff's office, 4440 Main st., Lemon Grove, or from any deputy sheriff.

One hundred fifty of the cowboys of the county will compete for approximately \$7,000 prize money. The Rodeo will consist of six events: calf roping, saddle bronc riding, bareback riding, bulldogging, bull riding and wild cow milking. There will also be clowns and special trick riding events. The show will be highlighted with the appearance of 250 square lancers at each performance, plus Hollywood western stars and western bands to provide a true Rodeo atmosphere.

Points won by the contestants will count toward the World Championship held in Madison Square Garden each year. The show is sanctioned by the Rodeo Cowboys Assn. of America and as such is world championship caliber.

Members of the sheriff's department produce and promote the entire Rodeo without any professional help, the entire proceeds are placed in the Sheriff's Relief Assn. to aid members and their families in times of illness or death.

SV First Baptist

Rev. J. Marion Smith, pastor of the Linda Vista Baptist Church and associate pastor of the Linda Vista Bible College, will speak at the 8 and 11 a.m. services Sunday. In the evening, layman Gil Merriam will bring the message. Rev. Roland Taylor, pastor of the church, will be on vacation.

The August church social of the Spring Valley First Baptist Church will be a beach party and is being planned for Aug. 20 at Gleason Point. It will be held on the east side of the point. There will be plenty of food, games and water skiing.

Dr. Smith, while serving in San Diego, instituted what is known as the Mounted Easter Sunrise Services under the auspices of the Aztec Riders.

This program has been carried on over the past 13 years and is now sponsored by the Frontier Riders. Dr. Smith was an honored guest speaking at the last Easter program. He is a horse lover and has many friends among horsemen in the San Diego area.

Bancroft Baptist

The nominating committee of the Bancroft Baptist Church has been appointed to present the slate of officers for the 1960-61 term of office, beginning in October. The committee, which meets Thursday evening, is comprised of Leon Lewis (chairman), Frank Hale, Julie Lewis, Mrs. L. W. Wigfield, Mrs. Chet Perkins and Rev. Lewis Ginn, pastor.

The Women's Missionary Union is appealing to the people of the area to donate used clothing to be sent to the Mexican Mission of the Southern Baptist Convention at Tijuana. Anyone caring to donate may call Mrs. Clarence Parker at HO 3-5390, for pickup.

Rev. Lewis Ginn, pastor of the Bancroft Baptist Church, urges every church-goer to keep this question in his heart. "What kind of a church would my church be, if every member were just like me?"

What's Doing in the PTA

Although school is a month away, the San Altos PTA mothers are making preparations. Already they have met at their work shop, preparing items for the school carnival to be held in October.

Mrs. Freda Hall, president of the PTA, announces that there will be a work shop meeting held on August 17 and 24 from 10 a.m. to 2 p.m. at the school. Participants are asked to bring a sack lunch. Coffee will be served. The children may play on the school grounds while the work shop is in session.

The program chairman, Mrs. Orpha Brown, said that her committee has had its first meeting and selected as the theme for this year's program "Album of Harmony." The title of a song will represent each month's program.

The first PTA program for San Altos will be held on Sept. 15. Byron Netzel, superintendent of schools, will be head of a panel which includes San Altos principal Douglas Giles.
